All ages, will be needed in order to make a more accurate plan for the future.

All parents are urged to register their children, including infants.

Students are being given registration blanks to help make this survey, but the cooperation of everyone is needed to make it a success. Anyone knowing of children in this age group is asked to contact the high school principal's office or the office of the superintendent.

Mrs. G. C. Carter, Pioneer Resident, Dies Here Sunday

Mrs. G. C. (Effie) Carter, 76, pioneer resident of Jones and Fisher Counties, died Sunday at 5:15 a.m. in Hamlin Memorial Hospital.

Funeral was held Tuesday at 2 p.m. in McCaulley Baptist Church with Rev. Gary Clark, pastor, and Rev. James Wood, pastor of Central Baptist Church in Aspermont, officiating.

She had lived in McCaulley since 1898. She was born May 24, 1890, in Missouri. She married G. C. Carter Aug. 16, 1908.

Survivors are her husband, a retired farmer; two sons, James T. of Abilene, Lloyd of Las Vegas, Nev.; two daughters, Mrs. Gerald (Alvis) Minton of Crystal City and Mrs. Earl (Loyce) Gregory of Mansfield, three grandchildren and seven great-grandchildren.

Burial was in Neinda Cemetery.

Pallbearers were George Ma-berry, Albert Fleming, Johnny Wood, Jess Simpson of Ft. Worth, Travis Hubbard, Jim Fancher, and Sam Baker Jr., of Ft. Worth.

Tuesday Night Fire Destroys Fourth St. Home

The residence of Mrs. Beth Johnson at 343 Southwest Fourth Street was completely destroyed by fire Tuesday night about 12 o'clock while she and her two children were away.

Mrs. Johnson, a nurse at Hamlin Memorial Hospital, was on duty when the fire started. Her two children, Tammy, 3, and Jo, 1, were at the home of Barbara Wilcox, their baby sitter.

All of the family's belongings were destroyed. They plan to stay with her parents, Mr. and Mrs. R. R. Christian, temporarily, until arrangements can be made for furnishings and another dwelling.

Mr. and Mrs. I. O. Williams of Dalhart visited recently in the home of Mr. and Mrs. E. C. Feagan.

Local Basketballers to Play C-City Here Tonight; Haskell Friday

Because of the snow storm here last Friday night the district basketball game that was to be played here with Haskell has been rescheduled here Friday night, according to Joe Youngblood, athletic director. The game originally scheduled with Colorado City here Friday night has been changed to tonight (Thursday).

Because of interscholastic rules the game with Haskell

could not be played on Thursday but could be played on Friday which necessitated the swap around.

The girls game Friday will decide the leader in the district race and could determine the winner. The girls from Haskell own a technical lead in the district by virtue of their win over the Piperettes early in the season. Both teams have only one loss on their records.

Either of the two teams can win the title outright or they can end up tied with each other.

The Piper's game with Colorado City tonight will not have any affect on the district race but the game Friday night could have a bearing on it. The Piperettes could knock the Indians out of their lead that they gained Tuesday night when Colorado City upset Anson.

James Ledbetter went on a scoring spree for the Pipers Tuesday night as he netted 36 points against the Winters Blizzards. But this was not enough as Winters scored in the waning moments to down the Pipers 62-60. The Pipers led at the end of each of the first three quarters by 16-13, 28-26, and 45-40, but were outscored in the final period 22-15.

The Piperettes downed the Winters girls 40-31 with Judy Jenkins leading the scoring with 27 points. This victory kept the girls in race for the district crown.

Hamlin won the B game 39-34.

Supt. Cook Urges Better Attendance

Better school attendance is being urged by Supt. C. F. Cook not only for the benefit of the children that should be in school but also because of the affect absences have on State Aid to the schools.

Cook said he realized that many absences are unavoidable because of sickness and other causes but at the same time many children are not in school that should be.

The local school's aid from the state is based on average daily attendance and when the school's daily attendance falls off the number of teachers the school receives money for also falls off.

The local system is very close to losing state aid for one teacher because of the average daily attendance and this current cold weather has dropped the attendance down to the point where the system could lose this teacher. This would cost the local district \$5,000 in state aid.

It goes without saying, Cook said, that the children need to be in school, if at all possible, for their own welfare.

Icy Winter Storm Hangs Over Area

The traditional belief, that the Ground Hog seeing his shadow on Feb. 2 means six more weeks of winter, may come true this year as more winter weather is being forecast through February. People seemed pleased Wednesday to see more sunshine even though the mythical animal supposedly came out, became frightened upon seeing his

shadow, and went back into hiding.

Snow amounting to 2½ inches or more last Friday made moving about more hazardous than the seven inches of the previous Friday because of lower temperatures and sleet which accompanied the snow. Colder temperature, dipping to 2 above zero Saturday morning, (gauged by a local citizen), delayed the thawing until Tuesday when temperatures finally got into the 50's.

day brought dust filled skies and high wind.

Wednesday's sunshine was drying the ground, except in spots where the snow had blown into heavy drifts and had not trowed or places that were shaded from the sun.

The snow Friday measured .22 moisture to make January's total 127.

School was dismissed at noon Friday because of the poor attendance.

Use of Nitrogen Top Dress Might Pay, Agent Says

Twenty to thirty pounds of Nitrogen as a top-dress on wheat may pay dividends this year says Jones County agent Kirby Clayton.

The good moisture received during the last two weeks set up an excellent condition for the use of a top-dress says the agent. The fertilizer should be broadcast over the top or put down behind small chisels as soon as the ground is dry enough.

Most wheat fertilizer demonstrations in Jones county during the past two years show some increase. Although, some returns are very small, some have returned a considerable investment on each dollar spent, says the agent.

Hamlin Youth Returns from Duty Aboard Carrier In Viet Nam Area

USS Midway — One of the some 175 Texans in the crew of the USS Midway, huge Navy attack carrier that recently returned from duty in the Viet Nam war country, is Mike Brandon, 24-year old resident of Hamlin.

MICHAEL S. BRANDON
... aboard U.S.S. Midway

Mike is a radarman and worked in the Carrier's Combat Information Center during more than six months he spent in the Far East with the ship. He and others of the crew of nearly 4,000 won a well done commendation and wear a special ribbon for their conduct in the fighting.

Mike is the son of Mr. and Mrs. O. E. Brandon of 549 Northwest Avenue C in Hamlin. He is a graduate of Hamlin High School and attended Cisco Junior College before joining the Navy at the Abilene Recruiting Station in July, 1964. He went to Boot Camp at San Diego and to Radar School at Treasure Island, Calif., before being assigned to the Midway in June, 1965.

Married to the former Judith C. Thompson of Detroit, Michigan, Mike lives with his wife in San Francisco. The Midway's home port is Naval Air Station, Alameda, and when it's not on extended sea duty, the carrier operates out of the home port.

Mike likes the Navy and worked in the Midway. During the 1965 assignment in the Far East, the Midway covered 80,000 miles with stops in Honolulu, Subic Bay, P.I. Yokosuka, Japan, and Hong Kong.

The Midway, which was the largest mariner in the world when it was launched in 1945, will go into a dry dock Feb. 15 for extensive overhaul and modernization. Like others of the ship's crew Mike will be transferred to another ship or station soon.

During its eight and a half months of active participation in Southeast Asia in support of U. S. national policy, the Midway's warplanes flew a record total of 11,938 combat sorties, dropping over 16 million pounds of bombs on Communist military targets. It was the Midway's planes that recorded the first MIG kills of the conflict when they shot down three Soviet built planes over North Viet Nam.

Mike hopes to return to college when his Navy career ends in July, 1968.

"FB WEEK" PROCLAIMED — Governor John Connally is shown signing a proclamation designating Feb. 7-12 as "Farm Bureau Membership Week" in Texas as Texas Farm Bureau Queen Cheri Lee Norman of Tahoka and TFB President C. H. DeVaney of Waco look on. During the special week, thousands of voluntary membership workers will call on their neighbors and ask them to join Farm Bureau. The state farm organization has a goal of 100,500 members in 1966.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin — Gov. John Connally
Austin — Gov. John Connally
is going along with
forecasts that a "substantial
amount" of new government
spending in the next fiscal
period is "almost inevitable."
However, Connally declined
to join in predicting specific
new taxes. He called such

forecasts "premature," al-
though the Committee on
State and Local Tax Policy
earlier had indicated it agrees
with the predictors.

"It's almost inevitable that
we are going to be looking at
increased expenditures in a
substantial amount," Connally
told a press conference. "But
I don't want to try to estimate
the magnitude of a tax pro-
gram, if any, or the expendi-
tures."

Meanwhile the tax policy
committee held its first meet-
ing, ordered Texas Research
League studies on impact of
sales tax adjustment and an

unusual appraisal of how to
equalize the widely-varying
state property tax.

Rep. Ben Atwell of Dallas,
committee chairman, reported
that all members of the panel
seemed to feel more revenue
will be necessary when the
Legislature writes the new
budget for Texas government
operations next year.

Atwell said the committee
will be taking a reading on
revenue which could be ob-
tained from raising the sales
tax rate (now two per cent)
and removing various exemp-
tions.

These exemptions apply to
food, drugs, farm machinery,
alcoholic beverages, industrial
power. Atwell doubts that the
legislature will tamper with
the food, medicine and farm
implements. He expressed a
personal preference for a rate
hike if new money is manda-
tory.

Committee also is going to
study the likely effect of in-
come taxation and corpora-
tion tax formula adjustments.

As a possible method of
equalizing the property tax,
the committee will evaluate
results of assigning each
county its equitable share of
the ad valorem loan on the
basis of estimated fair market
values. Voters would have to
approve such a procedure by
Constitutional amendment.

Citizens of some counties
are paying seven times as
much tax on property with
the same value as do citizens
of other counties.

Legal Service — Harold
Jones of Wichita Falls is
chairman of the newly char-
tered Texas Bar Foundation
to raise funds for expansion
of the State Bar's program
of legal services to the poor.

Philip Brin of Longview is
vice chairman and Associate
Justice T. Gilbert Sharpe,
Brownsville, 13th Court of
Civil Appeals, is secretary.

Draft Rules Tightened —
Young Texans served draft
orders no longer can get them
cancelled by joining reserve
or national guard units, Col.
Morris Schwartz, State Selec-
tive Service director, an-
nounces.

A man still can enlist in
regular active-duty forces
after receiving his draft orders
— if he can be signed up be-
fore induction date, Schwartz
said.

New policy reached Texas

draft boards from National
Selective Service Headquar-
ters where it was adopted on
recommendation of the As-
sistant Secretary of Defense for
manpower.

Candidates Announce — In
a press conference at the
Capitol, Stanley C. Woods, 43,
of Houston and State Rep. Bill
Hollowell, 37, of Grand Saline
announced as team candidates
for Governor and Lieutenant
Governor respectively.

Judge Joe Greenhill an-
nounced his candidacy for re-
election as Associate Justice
of the Texas Supreme Court.

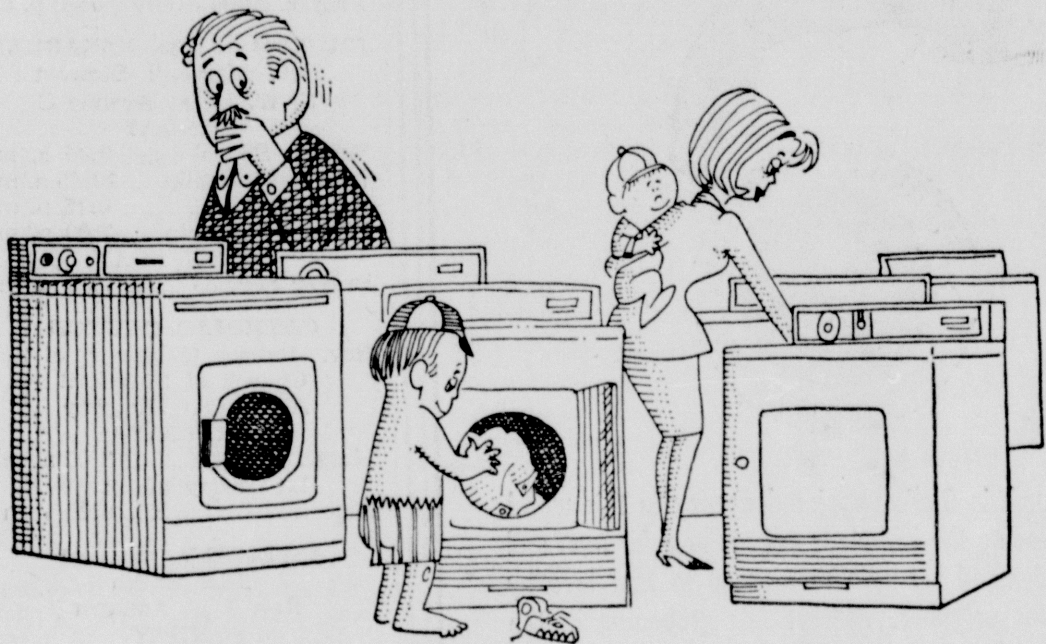

Courts Speak — Third Court
of Civil Appeals here upheld
the State Banking Board in
granting a charter to North-
line State Bank of Houston,
thus reversing the decision of
District Judge Tom Reavley
of Austin. Airline National
Bank of Houston brought suit
claiming there was no public
necessity for a new bank.

State Supreme Court de-
clined to give special consid-
eration to adequacy of legal ser-
vices rendered a Robstown
couple by the Nueces County
legal aid office in a suit where
they stand to lose their home.

Court of Criminal Appeals
sustained the death sentence
conviction of Walter Lee Sirois
in the rape of a Houston
woman.

Connally To South Ameri-
ca — Governor Connally is
considering a week's tour of
major South American coun-
tries starting February 21 to
drum up participation in San
Antonio's 1968 HemisFair.

He said he hopes to visit
presidents of Venezuela, Bra-
zil and Argentina — perhaps
Chile and Peru — and ask
their cooperation in staging
HemisFair exhibits. Connally
doubles as commissioner gen-
eral of the "Fair of the Amer-
icas."

Neinda Philosopher Thinks He Has Discovered Prime Reason for the Rush to Get to the Moon

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 seems to be worried about cities this week, his letter indicates. Dear editor:

I was out here on this Johnson grass farm yesterday changing the props on my born from the north side to the south side, since winter's north winds have returned and the lean is now in the other direction, and at the same time wondering if it wouldn't improve the natural beauty of America if the government just planted shrubbery around my farm, when I noticed a copy of a newspaper caught in a crack in the planks and I got around on the protected side and looked it over.

According to it, the National Science Advisory Committee is worried about air pollution in cities and is suggesting that businesses be taxed for minor pollution, like automobile exhaust, done by individuals. The committee said the air in cities is being poisoned and something ought to be done about it.

I don't know whether this would be helpful or not, but you reckon Congress ought to require cities to erect signs at their city limits, train sta-

tions and airports saying: "Warning, Breathing This Air May Be Hazardous To Your Health?"

The same article went on to say that the Sheer problem of hauling the trash out of a big city is becoming almost insurmountable, pointing out that Americans now use 48 billion cans and 26 billion bottles and jars a year. Getting that many cans and bottles out of the city in one year is hard enough, but have you ever stopped to think how many that'll be in 100 years, and how much land in the

country it's going to take to bury them in?

This may be the prime thinking behind the rush to get to the moon. We've got to find some place to dump those cans and bottles or give up farming on earth. I apologize for the doubts I've been throwing on the space program.

Living in a big city may be like Viet Nam. Whether it was a mistake or not to be there, how're you going to get out?

Yours faithfully,
J. A.

LAND OF PLENTY

★ THANKSGIVING FOR...

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FILING TIME IS
HERE AGAIN!

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Everyone thought for sure that the sun had probably hurled itself off into space somewhere, leaving a cold, cloudy world for us mortals to live in, but Sunday dawned clear once again, but very cold. Monday morning the sun is gone again, but we know it is still there, it will be back by and bye. With the temperature well above the freezing mark the snow is beginning to melt, if the rain that is predicted, should fall and melt the snow and ice, putting still more moisture in the ground, the farmers will all be jubilant over the prospects of a wheat crop as well as a crop of any kind. The old cows should rejoice too, for the feed they have consumed through the bad spells has cost their owners a pretty penny. With some warm sunshine weather once again the grazing fields should get good in a hurry.

Even though the weather was but a few degrees over the zero mark Sunday morning, most of our folks at Fairview turned out, proving that all are really concerned about the fate of our church. After hearing the devotional reading Sunday morning, found in Deuteronomy 7: 6-11, we all realized that being few in number was not the main issue, as long as we can support a pastor, it is more having faith that we can continue to exist as a church. Since we are small in numbers we do have a closer fellowship that might not be found in larger numbers. None of us can feature not having a Fairview any more, therefore, the pulpit committee made plans Sunday morning for securing a pastor. We all ask the other churches' prayers that we can find the right pastor and continue to worship in the place that we all love so well.

Fairview church was organized in 1888, with fewer members than we have at present, but in the years gone by it grew to the capacity of the building at one time. Changed farming conditions brought fewer people to the rural communities and at the present time few families really live out in the area surrounding the church. We have said it before and we say it again, if you live any where within reach of our church and are not attending somewhere, we would give you a warm welcome.

Last Monday afternoon Mrs. Winnie Hale and son, Goodwin, of Crosbyton, accompanied by Bob Zeigler, of Texas Tech, came by the Woodrow Goodwins, enroute to Stith, to return Mr. and Mrs. Fitz Hale to their home. Mr. Goodwin went with his sister and nephews, they returning back by for a visit.

Mrs. Elmer Joiner went to Anson Thursday afternoon, for a training meeting of the Home Demonstration clubs, going after the meeting to

visit with Mrs. R. E. Ray, who has been in the hospital for a checkup. She was feeling better and very happy over the X-Ray reports on her condition.

Our community was saddened last week when we learned that Mrs. Joe Murff had passed away on Tuesday, after a long illness, with burial Thursday. Mrs. Murff was reared in the old Carlton community, the daughter of Mr. and Mrs. Joe Dutton. Her mother survives, as well as her husband, children, other relatives, and a host of friends.

The Associational W. M. U. meeting was held in the Fellowship Hall of the First Baptist Church, in Anson, last Thursday. After the business meeting a program was presented. Mrs. Lonnie Doyle, missionary from Brazil, gave the main part of the program, telling of one of their missionary journeys, up the Amazon, in their launch, to a missionary post in the interior. Mrs. Doyle has to many rich experiences to tell that an audience could sit all day and listen, as long as her voice could hold out. Listening to her, you realize where a part of our missionary money is going. Mmes. Goodwin, Gray and Joiner attended.

The cold weather Sunday morning brought back our young folks to church who have gone on to town, with their friends. Penny and Nancy Ford, Linda Goodwin, were all present. Robert Pearce was also present attending with Nancy. We were glad to have them all back with us again. Nancy is attending school at Denton and Robert is attending Cisco Junior College.

Mr. and Mrs. Winson Gray spent Sunday afternoon with the Woodrow Goodwins, it seems that they spent much of the time on the telephone discussing plans with the other deacons, who comprise the pulpit committee.

A report from Mrs. Henry Kee, of Lubbock, is that she has astounded the doctors again, recovering so quickly that she was to come home several days earlier than anticipated.

Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2½ times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight

power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

CRIED ALICE'S QUEEN.

The King, the Queen and the executioner were present. Alice and the prisoners, too, of course, but these were all. No jury, no public, no publicity.

No newspaper reporters.

In Alice's Wonderland even applause was "immediately suppressed by the officers of the court."

Not so in America.

In all criminal prosecutions the accused shall enjoy the right of a public trial, says Article the Sixth of the Bill of Rights of the Constitution of the United States.

So people may know, newspapers must report these trials.

This is not freedom of the press. This is responsibility of the press.

Newspapers have no extraordinary rights.

People do.

Men have the right to a public trial and the right to know what happens in courtrooms. These are rights written into the Constitution and affirmed by the Supreme Court in 1829 when Mr. Justice Bagley wrote: "It is one of the essential qualities of a court of justice that its proceedings should be public."

If people are to know the truth the newspaper must report the news.

Classes are back to normal again after our "Half-a-day" holiday Friday. Mr. Newberry informed us Friday morning that to turn out school would be almost impossible, but as the snow continued, the impossible happened.

School wasn't the only thing that had to be called off because of the snow Friday. Our district game with Haskell also had to be postponed, much to our disappointment.

Students were entertained by a youthful sophomore assembly on Thursday. Randy Morgan was the announcer for the varied program.

The Castaways, a musical group, was composed of Sammy Ferguson, Jimmy Hastings, Paul Long, Pat Jenkins and Howard Williams, a freshman. The Hullabaloo girls were

girls topped the Blackwell girls, 41 to 33 in district play. Rachel Miranda and Tana Acklin shared the limelight with 14 points each. Jeanne Acklin scored 13 points. Guards were Ann Kemp, Elena Cerda and Debbie McCright. The boys lost their game to Blackwell.

The Junior High boys won their game Thursday against the Blackwell Hornets. They are well on their way to a district championship. Good Luck.

The girls met defeat by the narrow margin of two points. Friday's snow meant another holiday for McCaulley students.

The Juniors and Seniors are still hard at work making money for the trip. A pancake supper Tuesday night Feb. 1, featured the boys as chefs and the girls as janitors. Monday, Ann Kemp, Jeanne Acklin, Rachel Miranda and Tana Acklin went to Hamlin High School to publicize the Pancake Supper. We appreciate Mr. Newberry's cooperation in announcing the pancake supper and basketball games with the Hamlin Freshmen.

The girls were defeated by Hamlin 41-38 and the boys fell to the Hamlin group 66-55.

SYLVESTER NEWS...

By Mrs. R. M. Babb
We spoke of the snow when we started this news last week, well we had a lot of it. We had about four (4) inches more last Friday. At this writing we still have a lot on the ground but it is much warmer, some forty (40) degrees. One never knows what an hour will bring.

As far as I know there isn't any one in the hospital, Pearl

Johnson is at Mrs. Edger Harris' home and doing fine. Louis Kiser is feeling much better and Landon Perkins is still improving.

Mrs. Billy Louise Currid of Oklahoma City spent last week with her parents, Milt and Clara Montgomery.

Our deepest sympathy to Aunt Mary Jones, Marie Hurd, Beverly and Bobby in their loss of R. T. (uncle Bobby) Jones this past Thursday morning. Uncle Bobby's funeral was held on Friday afternoon at the Sylvester Baptist Church with W. S. Spearman of Palestine and Carrol Green of Stamford, both former pastors, conducting the services. The present pastor, Kenneth Leverett led the singing. Pallbearers were: Homer Pursley, Melvin Thompson, Richard Babb, Chub Hardwick, F. E. Meeks, Buford Brown.

John Hardwick and Lee Lanning of A. & M. U. are home for a few days between terms.

There has been three more street lights added to our town, how ever they didn't do much good. Neither did the electric blankets when the electricity went off due to a broken line but after several hours hunting the cause, the current was returned and every one was happy.

Bro. Leverett started the Study course book, "John's Witness To Jesus" on Wednesday night, every one is urged to attend each week as this can be counted as a T. U. study course.

Rolline Williams quit her job in Dallas to stay home and see after her daddy and he is much better. Herbert just wouldn't take his medicine or eat as he should.

Our sympathy to Lillie Jones in the loss of her great grand baby. The funeral was held in Sweetwater on Sunday.

Fire Deaths in U.S.

HOODED SWEATSHIRTS

These are the left overs from a full season — but still plenty of colors and sizes left especially if you like grey and white. These have warm hoods, but no zippers. You have to slip them over the head. Some of them have the Pied Piper printing on them. Regular \$2.98. Take them off our hands for

\$1.00

MEN'S SWEATERS

Most of these long sleeve sweaters have been hanging so long they look like SLIMS, but aren't. They aren't the best looking sweaters, but they are the best priced all season. These are values to \$12.95, (so the salesman told us). Going for

\$5.00 ea.

THERMAL UNDERWEAR

Last year the single hottest item as far as selling was concerned — This year just about the stinkiest — We have offered them at \$1.00 all season but to tell you the truth — anyone that had them last year won't buy them again — so well if you haven't tried them it is your turn. Be sure to buy them big as they may shrink up pretty good. Shirts or drawers

Local Basketballers to Play C-City Here Tonight; Haskell Friday

Because of the snow storm here last Friday night the district basketball game that was to be played here with Haskell has been rescheduled here Friday night, according to Joe Youngblood, athletic director. The game originally scheduled with Colorado City here Friday night has been changed to tonight (Thursday).

Because of interscholastic rules the game with Haskell

could not be played on Thursday but could be played on Friday which necessitated the swap around.

The girls game Friday will decide the leader in the district race and could determine the winner. The girls from Haskell own a technical lead in the district by virtue of their win over the Piperettes early in the season. Both teams have only one loss on their records.

Either of the two teams can win the title outright or they can end up tied with each other.

The Piper's game with Colorado City tonight will not have any effect on the district race but the game Friday night could have a bearing on it. The Piperettes could knock the Indians out of their lead that they gained Tuesday night when Colorado City upset Anson.

James Ledbetter went on a scoring spree for the Piperettes Tuesday night as he netted 36 points against the Winters Blizzards. But this was not enough as Winters scored in the waning moments to down the Piperettes 62-60. The Piperettes led at the end of each of the first three quarters by 16-13, 28-26, and 45-40, but were outscored in the final period 22-15.

The Piperettes downed the Winters girls 40-31 with Judy Jenkins leading the scoring with 27 points. This victory kept the girls in race for the district crown.

Hamlin won the B game 39-34.

Supt. Cook Urges Better Attendance

Better school attendance is being urged by Supt. C. F. Cook not only for the benefit of the children that should be in school but also because of the affect absences have on State Aid to the schools.

Cook said he realized that many absences are unavoidable because of sickness and other causes but at the same time many children are not in school that should be.

The local school's aid from the state is based on average daily attendance and when the school's daily attendance falls off the number of teachers the school receives money for also falls off.

The local system is very close to losing state aid for one teacher because of the average daily attendance and this current cold weather has dropped the attendance down to the point where the system could lose this teacher. This would cost the local district \$5,000 in state aid.

It goes without saying, Cook said, that the children need to be in school, if at all possible, for their own welfare.

Survivors include her husband, Glover Miller, Sr., four sons, seven daughters, three brothers and 24 grandchildren.

Mr. and Mrs. Cecil Williams of McCaulley are parents of a girl, Cindy Yvonne, born at 2:12 a.m. Jan. 29. She weighed 5 lbs. 8 oz.

Mr. and Mrs. Robert Wilson are parents of a daughter, born Feb. 2 at 2 a.m. She weighed 8 lbs. 2 oz. and had not been named at press time.

Icy Winter Storm Hangs Over Area

The traditional belief, that the Ground Hog seeing his shadow on Feb. 2 means six more weeks of winter, may come true this year as more winter weather is being forecast through February. People seemed pleased Wednesday to see more sunshine even though the mythical animal supposedly came out, became frightened upon seeing his shadow, and went back into hiding.

Universally known as the "Great Improvers", Shorthorn and Polled Shorthorn bulls are used extensively for crossing on other beef breeds.

Most streets that were not heavily travelled were still covered in snow through Monday.

Snow amounting to 2½ inches or more last Friday made moving about more hazardous than the seven inches of the previous Friday because of lower temperatures and sleet which accompanied the snow. Colder temperature, dipping to 2 above zero Saturday morning, (gauged by a local citizen), delayed the thawing until Tuesday when temperatures finally got into the 50's.

Another event arriving Monday.

Use of Nitrogen Top Dress Might Pay, Agent Says

Twenty to thirty pounds of Nitrogen as a top-dress on wheat may pay dividends this year says Jones County agent Kirby Clayton.

The good moisture received during the last two weeks set up an excellent condition for the use of a top-dress says the agent. The fertilizer should be broadcast over the top or put down behind small chisels as soon as the ground is dry enough.

Most wheat fertilizer demonstrations in Jones county during the past two years show some increase. Although, some returns are very small, some have returned a considerable investment on each dollar spent, says the agent.

Rep. Burleson Receives Book On Capitol Art

Congressman Omar Burleson and Assistant Capitol Architect, Major E. Compili, received the first two copies of "Compilation of Work of Art and Other Objects in the United States Capitol" from Harry D. Morold, Acting Public Printer of the United States this week.

Hamlin Youth Returns from Duty Aboard Carrier In Viet Nam Area

USS Midway — One of the some 175 Texans in the crew of the USS Midway, huge Navy attack carrier that re-

cently returned from duty in the Viet Nam war country, is Mike Brandon, 24-year old resident of Hamlin.

Mike is a radarman and worked in the Carrier's Combat Information Center during more than six months he spent in the Far East with the ship. He and others of the crew of nearly 4,000 won a well done commendation and wear a special ribbon for their conduct in the fighting.

Mike is the son of Mr. and Mrs. O. E. Brandon of 549 Northwest Avenue C in Hamlin. He is a graduate of Hamlin High School and attended Cisco Junior College before joining the Navy at the Abilene Recruiting Station in July, 1964. He went to Boot Camp at San Diego and to Radar School at Treasure Island, Calif., before being assigned to the Midway in June, 1965.

Married to the former Judith C. Thompson of Detroit, Michigan, Mike lives with his wife in San Francisco. The Midway's home port is Naval Air Station, Alameda, and when it's not on extended sea duty, the carrier operates out of the home port.

Mike likes the Navy and the Midway. During their 1965 assignment in the Far East, the Midway covered 80,000 miles with stops in Honolulu, Subic Bay, P.I., Yokosuka, Japan, and Hong Kong.

The Midway, which was the largest mariner in the world when it was launched in 1945, will go into a dry dock Feb. 15 for extensive overhaul and modernization. Like others of the ship's crew Mike will be transferred to another ship or station soon.

During its eight and a half months of active participation in Southeast Asia in support of U. S. national policy, the Midway's warplanes flew a record total of 11,938 combat sorties, dropping over 16 million pounds of bombs on Communist military targets. It was the Midway's planes that recorded the first MIG kills of the conflict when they shot down three Soviet built planes over North Viet Nam.

Mike hopes to return to college when his Navy career ends in July, 1968.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin — Gov. John Connally is going along with forecasts that a "substantial amount" of new government

spending in the next fiscal period is "almost inevitable." However, Connally declined to join in predicting specific new taxes. He called such

forecasts "premature," although the Committee on State and Local Tax Policy earlier had indicated it agrees with the predictors.

"It's almost inevitable that we are going to be looking at increased expenditures in a substantial amount," Connally told a press conference. "But I don't want to try to estimate the magnitude of a tax program, if any, or the expenditures."

Meanwhile the tax policy committee held its first meeting, ordered Texas Research League studies on impact of sales tax adjustment and an

unusual appraisal of how to equalize the widely-varying state property tax.

Rep. Ben Atwell of Dallas, committee chairman, reported that all members of the panel seemed to feel more revenue will be necessary when the Legislature writes the new budget for Texas government operations next year.

Atwell said the committee will be taking a reading on revenue which could be obtained from raising the sales tax rate (now two per cent) and removing various exemptions.

These exemptions apply to food, drugs, farm machinery, alcoholic beverages, industrial power. Atwell doubts that the legislature will tamper with the food, medicine and farm implements. He expressed a personal preference for a rate hike if new money is mandatory.

Committee also is going to study the likely effect of income taxation and corporation tax formula adjustments.

As a possible method of equalizing the property tax, the committee will evaluate results of assigning each county its equitable share of the ad valorem loan on the basis of estimated fair market values. Voters would have to approve such a procedure by Constitutional amendment.

Citizens of some counties are paying seven times as much tax on property with the same value as do citizens of other counties.

Legal Service — Harold Jones of Wichita Falls is chairman of the newly chartered Texas Bar Foundation to raise funds for expansion of the State Bar's program of legal services to the poor.

Philip Brin of Longview is vice chairman and Associate Justice T. Gilbert Sharpe, Brownsville, 13th Court of Civil Appeals, is secretary.

Draft Rules Tightened — Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units, Col. Morris Schwartz, State Selective Service director, announced.

A man still can enlist in regular active-duty forces after receiving his draft orders — if he can be signed up before induction date, Schwartz said.

New policy reached Texas

draft boards from National Selective Service Headquarters where it was adopted on recommendation of the Assistant Secretary of Defense for manpower.

Candidates Announce — In a press conference at the Capitol, Stanley C. Woods, 43, of Houston and State Rep. Bill Hollowell, 37, of Grand Saline announced as team candidates for Governor and Lieutenant Governor respectively.

Judge Joe Greenhill announced his candidacy for reelection as Associate Justice of the Texas Supreme Court.

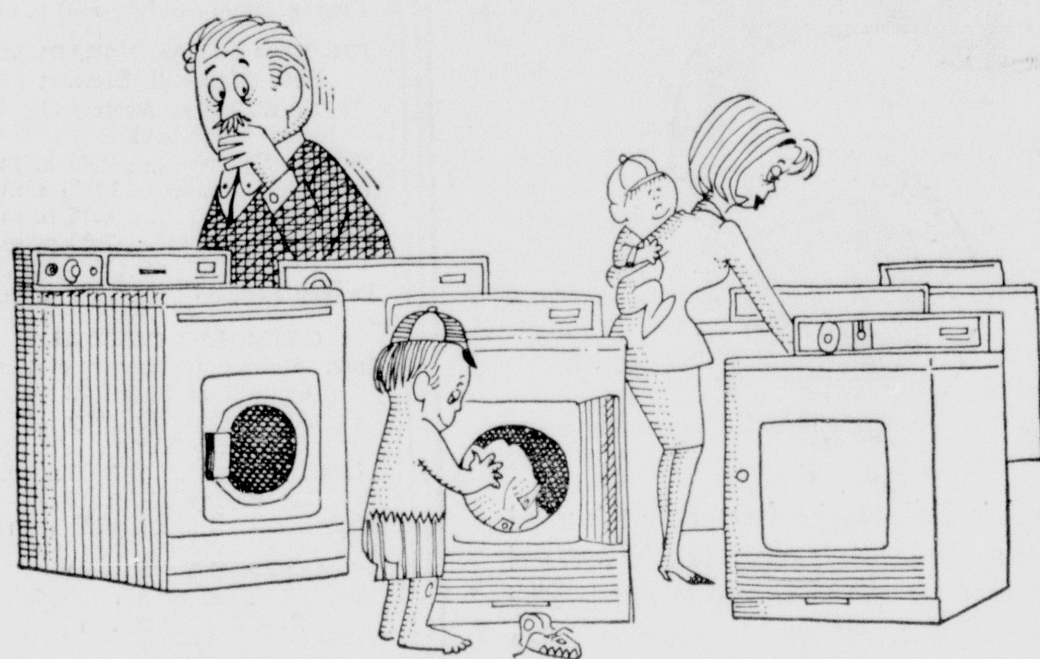

Courts Speak — Third Court of Civil Appeals here upheld the State Banking Board in granting a charter to Northline State Bank of Houston, thus reversing the decision of District Judge Tom Reavley of Austin. Airline National Bank of Houston brought suit claiming there was no public necessity for a new bank.

State Supreme Court declined to give special consideration to adequacy of legal services rendered a Robstown couple by the Nueces County legal aid office in a suit where they stand to lose their home.

Court of Criminal Appeals sustained the death sentence conviction of Walter Lee Siros in the rape of a Houston woman.

Connally To South America — Governor Connally is considering a week's tour of major South American countries starting Feb. 21 to drum up participation in San Antonio's 1968 HemisFair.

He said he hopes to visit presidents of Venezuela, Brazil and Argentina — perhaps Chile and Peru — and ask their cooperation in staging HemisFair exhibits. Connally doubles as commissioner general of the "Fair of the Americas."

If you're in the market for a new clothes dryer,
(here's why modern Gas is better than you-know-what)

SAVE MONEY Modern gas dryers are economical. They dry a whole load of laundry for about a penny — which is a lot less than the cost of doing the job electrically. 91 out of 100 self-service laundries use gas dryers! **SAVE CLOTHES** Gas dries gently. Clothes come out soft, sweet-smelling and fluffy — never stiff or yellow. Many gas dryers have special settings and cycles to protect even the daintiest things. So why lug and lift heavy baskets of wet laundry? Why let wind, dust and rain ruin your clothes?

Enjoy the convenience of a modern, automatic dryer — a gas dryer. **SAVE ON REPAIR BILLS** Like all gas equipment, dryers are well built and virtually maintenance-free. Gas is fast, safe and unlike you-know-what, it dries with just a simple burner. There's no complicated, expensive heating element to wear out. Just a simple gas burner, which hardly ever wears out. Now's the time to enjoy price savings, too. See the new gas dryers on sale at all Gas Appliance Dealers and LONE STAR GAS

Neinda Philosopher Thinks He Has Discovered Prime Reason for the Rush to Get to the Moon

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 seems to be worried about cities this week, his letter indicates. Dear editor:

I was out here on this Johnson grass farm yesterday changing the props on my barn from the north side to the south side, since winter's north winds have returned and the lean is now in the other direction, and at the same time wondering if it wouldn't improve the natural beauty of America if the government just planted shrubbery around my farm, when I noticed a copy of a newspaper caught in a crack in the planks and I got around on the protected side and looked it over.

According to it, the National Science Advisory Committee is worried about air pollution in cities and is suggesting that businesses be taxed for minor pollution, like automobile exhaust, done by individuals. The committee said the air in cities is being poisoned and something ought to be done about it.

I don't know whether this would be helpful or not, but you reckon Congress ought to require cities to erect signs at their city limits, train sta-

tions and airports saying: "Warning, Breathing This Air May Be Hazardous To Your Health?"

The same article went on to say that the Sheer problem of hauling the trash out of a big city is becoming almost insurmountable, pointing out that Americans now use 48 billion cans and 26 billion bottles and jars a year. Getting that many cans and bottles out of the city in one year is hard enough, but have you ever stopped to think how many that'll be in 100 years, and how much land in the

country it's going to take to bury them in?

This may be the prime thinking behind the rush to get to the moon. We've got to find some place to dump those cans and bottles or give up farming on earth. I apologize for the doubts I've been throwing on the space program.

Living in a big city may be like Viet Nam. Whether it was a mistake or not to be there, how're you going to get out?

Yours faithfully,
J. A.

★ THANKSGIVING FOR...

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Everyone thought for sure that the sun had probably hurled itself off into space somewhere, leaving a cold, cloudy world for us mortals to live in, but Sunday dawned clear once again, but very cold. Monday morning the sun is gone again, but we know it is still there, it will be back bye and bye. With the temperature well above the freezing mark the snow is beginning to melt, if the rain that is predicted, should fall and melt the snow and ice, putting still more moisture in the ground, the farmers will all be jubilant over the prospects of a wheat crop as well as a crop of any kind. The old cows should rejoice too, for the feed they have consumed through the bad spells has cost their owners a pretty penny. With some warm sunshine weather once again the grazing fields should get good in a hurry.

Even though the weather was but a few degrees over the zero mark Sunday morning, most of our folks at Fairview turned out, proving that all are really concerned about the fate of our church. After hearing the devotional reading Sunday morning, found in Deuteronomy 7: 6-11, we all realized that being few in number was not the main issue, as long as we can support a pastor, it is more having faith that we can continue to exist as a church. Since we are small in numbers we do have a closer fellowship that might not be found in larger numbers. None of us can feature not having a Fairview any more, therefore, the pulpit committee made plans Sunday morning for securing a pastor. We all ask the other churches' prayers that we can find the right pastor and continue to worship in the place that we all love so well.

Fairview church was organized in 1888, with fewer members than we have at present, but in the years gone by it grew to the capacity of the building at one time. Changed farming conditions brought fewer people to the rural communities and at the present time few families really live out in the area surrounding the church. We have said it before and we say it again, if you live any where within reach of our church and are not attending somewhere, we would give you a warm welcome.

Last Monday afternoon Mrs. Winnie Hale and son, Goodwin, of Crosbyton, accompanied by Bob Zeigler, of Texas Tech, came by the Woodrow Goodwins, enroute to Stith, to return Mr. and Mrs. Fitz Hale to their home. Mr. Goodwin went with his sister and nephews, they returning back by for a visit.

Mrs. Elmer Joiner went to Anson Tuesday afternoon, for a training meeting of the Home Demonstration clubs, going after the meeting to

visit with Mrs. R. E. Ray, who has been in the hospital for a checkup. She was feeling better and very happy over the X-Ray reports on her condition.

Our community was saddened last week when we learned that Mrs. Joe Murff had passed away on Tuesday, after a long illness, with burial Thursday. Mrs. Murff was reared in the old Carlton community, the daughter of Mr. and Mrs. Joe Dutton. Her mother survives, as well as her husband, children, other relatives, and a host of friends.

The Associational W. M. U. meeting was held in the Fellowship Hall of the First Baptist Church, in Anson, last Thursday. After the business meeting a program was presented. Mrs. Lonnie Doyle, missionary from Brazil, gave the main part of the program, telling of one of their missionary journeys, up the Amazon, in their launch, to a missionary post in the interior. Mrs. Doyle has so many rich experiences to tell that an audience could sit all day and listen, as long as her voice could hold out. Listening to her, you realize where a part of our missionary money is going. Mmes. Goodwin, Gray and Joiner attended.

The cold weather Sunday morning brought back our young folks to church who have gone on to town, with their friends. Penny and Nancy Ford, Linda Goodwin, were all present. Robert Pearce was also present attending with Nancy. We were glad to have them all back with us again. Nancy is attending school at Denton and Robert is attending Cisco Junior College.

Mr. and Mrs. Winson Gray spent Sunday afternoon with the Woodrow Goodwins, it seems that they spent much of the time on the telephone discussing plans with the other deacons, who comprise the pulpit committee.

A report from Mrs. Henry Kee, of Lubbock, is that she has astounded the doctors again, recovering so quickly that she was to come home several days earlier than anticipated.

Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2½ times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight

power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

How can we help you? Just call your local Santa Fe Agent.

GRLED ALICE'S QUEEN.

The King, the Queen and the executioner were present. Alice and the prisoners, too, of course, but these were all. No jury, no public, no publicity.

No newspaper reporters.

In Alice's Wonderland even applause was "immediately suppressed by the officers of the court."

Not so in America.

In all criminal prosecutions the accused shall enjoy the right of a public trial, says Article the Sixth of the Bill of Rights of the Constitution of the United States.

So people may know, newspapers must report these trials.

This is not freedom of the press. This is responsibility of the press.

Newspapers have no extraordinary rights.

People do.

Men have the right to a public trial and the right to know what happens in courtrooms. These are rights written into the Constitution and affirmed by the Supreme Court in 1829 when Mr. Justice Bagley wrote: "It is one of the essential qualities of a court of justice that its proceedings should be public."

If people are to know the truth the newspaper must report the news.

Classes are back to normal again after our "Half-a-day" holiday Friday. Mr. Newberry informed us Friday morning that to turn out school would be almost impossible, but as the snow continued, the impossible happened.

School wasn't the only thing that had to be called off because of the snow Friday. Our district game with Haskell also had to be postponed, much to our disappointment.

Students were entertained by a youthful sophomore assembly on Thursday. Randy Morgan was the announcer for the varied program.

The Castaways, a musical group, was composed of Sammy Ferguson, Jimmy Hastings, Paul Long, Pat Jenkins and Howard Williams, a freshmen. The Hullabaloo girls were

"How And Why Make A Will" was the program given by County Judge Leon Thurman for Jones County home demonstration leaders in the office of Mrs. Mary Y. Newberry, Jones County Home Demonstration agent. Sixteen adults and one child attended the meeting.

Mr. Thurman discussed advantages of making a will, cost of a will, what happens if no will is left, who can make a will, the four types of will, contesting wills, the cost of administering wills, probating a will, inheritance rights of children, estate and inheritance taxes, and the different definitions and terms used in wills.

Car-Animal Collisions

NEW YORK. If a car is in a collision with an animal, such as a deer or horse, any financial loss is covered by comprehensive physical damage insurance, not by collision insurance, says the Insurance Information Institute.

Terese Perrin, Linda Bailey, Pauline Womack, and Margaret Cooper.

Brenda and Glenda Rackley presented a skit.

Janet Carson sang "A Lover's Concerto."

A skit was presented by Richard McComack, J. R. Binnicker, Dalton Lyon and Edward Green.

Philip Simpson, Bob Clifton, Joyce Putnam and Dalton Lyon did the commercials.

After the assembly, Jan Albritton, president of the National Honor Society, announced the citizens of the month. They were Beth Craig and Peter Comacho, both freshmen. Our congratulations to these two students for being such outstanding citizens of Hamlin High School.

Hamlin High School would like to welcome our new student, Cynthia Wills. Cynthia is a senior transfer from Cooper in Abilene.

girls topped the Blackwell girls, 41 to 33 in district play. Rachel Miranda and Tana Acklin shared the limelight with 14 points each. Jeanne Acklin scored 13 points. Guards were Ann Kemp, Elena Cerda and Debbie McCright. The boys lost their game to Blackwell.

The Junior High boys won their game Thursday against the Blackwell Hornets. They are well on their way to a district championship. Good Luck.

The girls met defeat by the narrow margin of two points. Friday's snow meant another holiday for McCaulley students.

The Juniors and Seniors are still hard at work making money for the trip. A pancake supper Tuesday night Feb. 1, featured the boys as chefs and the girls as janitors.

Monday, Ann Kemp, Jeanne Acklin, Rachel Miranda and Tana Acklin went to Hamlin High School to publicize the Pancake Supper. We appreciate Mr. Newberry's cooperation in announcing the pancake supper and basketball games with the Hamlin Freshmen.

The girls were defeated by Hamlin 41-38 and the boys fell to the Hamlin group 66-35.

SYLVESTER NEWS...

By Mrs. R. M. Babb

We spoke of the snow when we started this news last week, well we had a lot of it. We had about four (4) inches more last Friday. At this writing we still have a lot on the ground but it is much warmer, some forty (40) degrees. One never knows what an hour will bring.

As far as I know there isn't any one in the hospital, Pearl

Johnson is at Mrs. Edger Harris' home and doing fine. Louis Kiser is feeling much better and Landon Perkins is still improving.

Mrs. Billy Louise Currid of Oklahoma City spent last week with her parents, Milt and Clara Montgomery.

Our deepest sympathy to Aunt Mary Jones, Marie Hurd, Beverly and Bobby in their loss of R. T. (uncle Bobby) Jones this past Thursday morning. Uncle Bobby's funeral was held on Friday afternoon at the Sylvester Baptist Church with W. S. Spearman of Palestine and Carrol Green of Stamford, both former pastors, conducting the services. The present pastor, Kenneth Leverett led the singing. Pallbearers were: Homer Pursley, Melvin Thompson, Richard Babb, Chub Hardwick, F. E. Meeks, Buford Brown.

John Hardwick and Lee Lanning of A. & M. U. are home for a few days between terms.

There has been three more street lights added to our town, how ever they didn't do much good. Neither did the electric blankets when the electricity went off due to a broken line but after several hours hunting the cause, the current was returned and every one was happy.

Bro. Leverett started the Study course book, "John's Witness To Jesus" on Wednesday night, every one is urged to attend each week as this can be counted as a T. U. study course.

Rolline Williams quit her job in Dallas to stay home and see after her daddy and he is much better. Herbert just wouldn't take his medicine or eat as he should.

Our sympathy to Lillie Jones in the loss of her great grand baby. The funeral was held in Sweetwater on Sunday.

Fire Deaths in U.S.

NEW YORK There were approximately 11,900 fire deaths in the United States in 1964, an increase of 100 over 1963, the Insurance Information Institute reports.

PREWITT MOTORS -- S.E. FIRST

HOODED SWEATSHIRTS

These are the left overs from a full season — but still plenty of colors and sizes left especially if you like grey and white. These have warm hoods, but no zippers. You have to slip them over the head. Some of them have the Pied Piper printing on them. Regular \$2.98. Take them off our hands for

\$1.00

MEN'S SWEATERS

Most of these long sleeve sweaters have been hanging so long they look like SLIMS, but aren't. They aren't the best looking sweaters, but they are the best priced all season. These are values to \$12.95, (so the salesman told us). Going for

\$5.00 ea.

THERMAL UNDERWEAR

Last year the single hottest item as far as selling was concerned — This year just about the stinkiest — We have offered them at \$1.00 all season but to tell you the truth — anyone that had them last year won't buy them again — so well if you haven't tried them it is your turn. Be sure to buy them big as they may shrink up pretty good. Shirts or drawers

66c pr.

LADIES' SHOES

We have been running this bunch of heels, flats and stacks on our 1c sale. They look like the last rose of summer or should I say winter. We probably don't have your size, but if you happen to find it please help us out and take a pair for

1/2 Price

WOMEN'S Textured Hose

A year ago textured hose were all the go. We couldn't get enough of them. Now that women have discovered how unattractive they really are we doubt if we can unload these \$1.00 values for only

39c pr.

TROOPER CAPS

This is the kind with the fuzzy flaps. They sure won't improve your looks any, but will keep your bald head warm. At one time our biggest seller, now our biggest buying mistake. These are reg. \$2.98 caps — Please take one for

\$1.00

WOOLENS

All very bad patterns, but warm values. We have about 5 pieces left in the grouping. Maybe you will take a few yards of this if you can't see too well. Values to \$2.98 yd. Now

\$1.00 yd.

PENDLETON WOOL SHIRTS

What happened to all the high class guys wanting one of these \$14.95 shirts? We have 6 of them left. (Probably not your size) If you could see your way clear to help us out we would grudgingly part with one for

\$7.00

THIS IS THE CRAZIEST KIND OF A SALE YOU EVER HEARD OF. TO TELL YOU THE TRUTH THERE'S NOT A THING THAT IS WORTH SHOUTING ABOUT. IT'S JUST A CONGLOMERATION OF ODDS AND ENDS. SLOW MOVERS, BUYERS MISTAKES AND THINGS YOU WOULDN'T EVEN THINK OF BUYING NOT IF YOU ARE IN YOUR RIGHT MIND. IF YOU WANT TO HAVE SOME FUN, YOU MIGHT COME ON IN AND JOIN THE CROWDS. BUT IF THE WEATHER IS COLD AND DISAGREEABLE, YOU'LL BE BETTER OFF TO JUST STAY AT HOME AND PLAY WITH THE KIDS! THERE IS NO USE WASTING YOUR MONEY.

LADIES' SWEATERS

Yes, once again — it happens every year, our buyer gets mixed up with a salesman that oversells or the buyer overbuys. Well we now have two more Bobbie Brooks and Donovan sweaters left. We need the space worse than the money or sweaters. Values to \$14.95 White Elephant Price

\$4.88 ea.

GIRLS' SWEATERS

These have been tried on many times and each time the mother would say "Darling lets look around a little before we decide." Now what do you think we need with these either as the trash haulers have all they need to pick up. How about helping us out on these for

1/2 Price

MEN'S All Weather Coats

We've had it. Coats and weather too. — Broken sizes in black, olive and brown. Guaranteed not to completely shed rain, cold or wind, but pile lined with zip out lining. You may want to wear them once or twice and then keep them for next years football games. \$19.95 values

\$12.88

BOYS' SHIRTS

If you are in need of good looking sportshirts you can just skip this group. There's nothing good about this group, they are cotton broadcloths, all long sleeve, few flannels, anyway I doubt if we have your size — Values to \$2.98

\$1.00 ea.

MEN'S Long Sleeve SPORTSHIRTS

You might think these were made of scraps and bad material the way you have picked over them (You could be right too). If you would take a chance and buy one of them though we would take

\$1.98 ea.

BOYS' WARM CAPS

The hooded coats have about killed the boys' cap business. Now we have about 50 boys caps left that sold up to \$1.98 each. If you are one of those unfortunate ones without a hooded coat how about taking one of these for

88c

PIECE GOODS CLEARANCE

I just know you wouldn't want any of this reg. to \$1.29 yard goods as you have turned up your nose at it all season. Anyway if you should decide to try these dactron and cottons, gingham drip dries, etc., just a conglomeration of bad goods

44c yd.

LADIES' HOUSE SHOES

Some of these are in boxes that have been dusted so many times the box is worn out. If you don't care about what the box looks like or aren't going to a fashion show, how about trying a pair of these for

\$1.00

WING'S BRAS

Don't let the price tag of \$1.00 fool you on these. At one time our best seller. Foam padded with fancy lace in most all colors and sizes. If you will buy these we promise to do better next time

66c ea.

BOYS' SWEATERS

Broken sizes in sizes 2 to 18 in pullovers and cardigans — only the worst styles and colors left. The girls bought the best looking ones for themselves — you boys wouldn't want to humiliate yourselves by buying what the girls have left would you?

1/2 Price

MEN'S SPORT COATS

You'll be wasting your time to look at these — they're the worst yet. No woman would approve. It's like getting down to the end of the row — we estimate there may be 20 of these left

\$10.00 ea.

MEN'S SHOES

If you buy a pair of these your wife or girl friend wouldn't be seen with you. If you are the kind that does not care about a little thing like that how about a pair of these values to \$10.95 for

\$5.88

LADIES' PANTS

What do you women want when you go in for sports? We wish we knew — We have 30 pair of Bobbie Brooks pants in corduroys, quilts, and wools, and hopsackings. They are mostly in juniors — Our salesladies say they should have been in misses sizes — We say they are left. They were priced from \$8.95 to \$10.95 See if you can use them at

\$5.00

WAIT A MINUTE We have a few tops if you can find one that matches for

\$2.98

they sold as high as \$5.95.

LADIES' WOOL SKIRTS

If you have sensitive skin, then don't buy one of these wool skirts that sold as high as \$12.95. They are the scratchy kind and the colors are even worse than the scratch. Most of them by Bobbie Brooks. (Boy is the salesman for them high pressure as we had too many.) Try one for

\$5.00

CHALLIS AND BRUSHED NYLON GOWNS and PAJAMAS

Here again too many to start with. It seems that our lingerie buyer must have gone fishing with the lingerie salesman and maybe took out one cork too many — Anyway if you can use one of these we promise our buyers won't fish so much next year. Values to \$4.95

\$2.98

BATH MAT SETS

You probably have bath sets in your closet that look better than these do. They have been taken out on approval, walked on, stomped on, etc. but if you could use one or two of the worst faded ones that sold up to \$3.98 for

\$2.98

THE GRAB BOX

A real idea to get rid of things that you wouldn't buy if you could see it. Are you still miffed at something someone gave you this Christmas or birthday — If you are here's the chance to get even — grab a box for the next present you MUST give them. We guarantee that your chance of getting your money's worth is probably better than horse racing — Every item guaranteed to be 1/2 price or less — All sales final — No returns after a grab. Take a chance, it should be fun.

LADIES' PURSES

If you are tired of the old purse you are carrying or tired of wagging around an old paper sack or the like, here is your chance to do something about it. Values to \$4.98

\$1.98

MEN'S SOX

One of the national brands advertise that the thing to wear is over the calf sox — We got carried away and bought far too many — yes, they have sold, but not enough. We also are offering a few reg. banlon sox along with these. \$1.00 reg. How about

39c

MEN'S BLAZERS

These blazers were to be the answer to the kid that used to wear the white coat to all the school functions and to his dates — We swallowed the pitch and bought them, but can't get the boys to do the same. Do you want to start the trend in your class. We have several colors. \$24.95 Value

\$13.88

BEDSPREADS

Tufted chenille bedspreads of 100% cotton, durable, washable, preshrunk, rich colors, twins or full beds. It will take more description than this to sell these reg. \$5.98 spreads I'm afraid. anyway we would if you twisted our arm take

\$3.88

LADIES' DRESSES

Probably don't have your size and even if we did you wouldn't like the color. Noticed one just today that had been tried on so many times that the seams were unraveling out. How about taking one off our hands at

1/2 Price

MEN'S SHIRTS

We have about a dozen men's banlon shirts and about 6 Arrow dress shirts that we could have a good Saturday without. The banlons will be alright for summer which is ahead, just don't know what to tell you about the dress shirts, although they were originally priced at \$5.00 — Just wish you would take one of either of the above for

\$1.98

Ladies' BLOUSES

A pretty good grouping of blouses by Ship 'n Shore and other famous makers. Just to be honest some of them should be on the grab table so they could be sold sight unseen, but it was full already so how about taking one for

\$2.98

MEN'S ROBES

Talk about your money's worth. We have our thoughts and you probably will too when you see this bunch of men's robes. We say every year that we will not buy men's robes again and then we get soft hearted and buy them again. If you will just help us out this one more time we promise to go straight on men's robes next season — Will
